

# Customized eBookstore Application

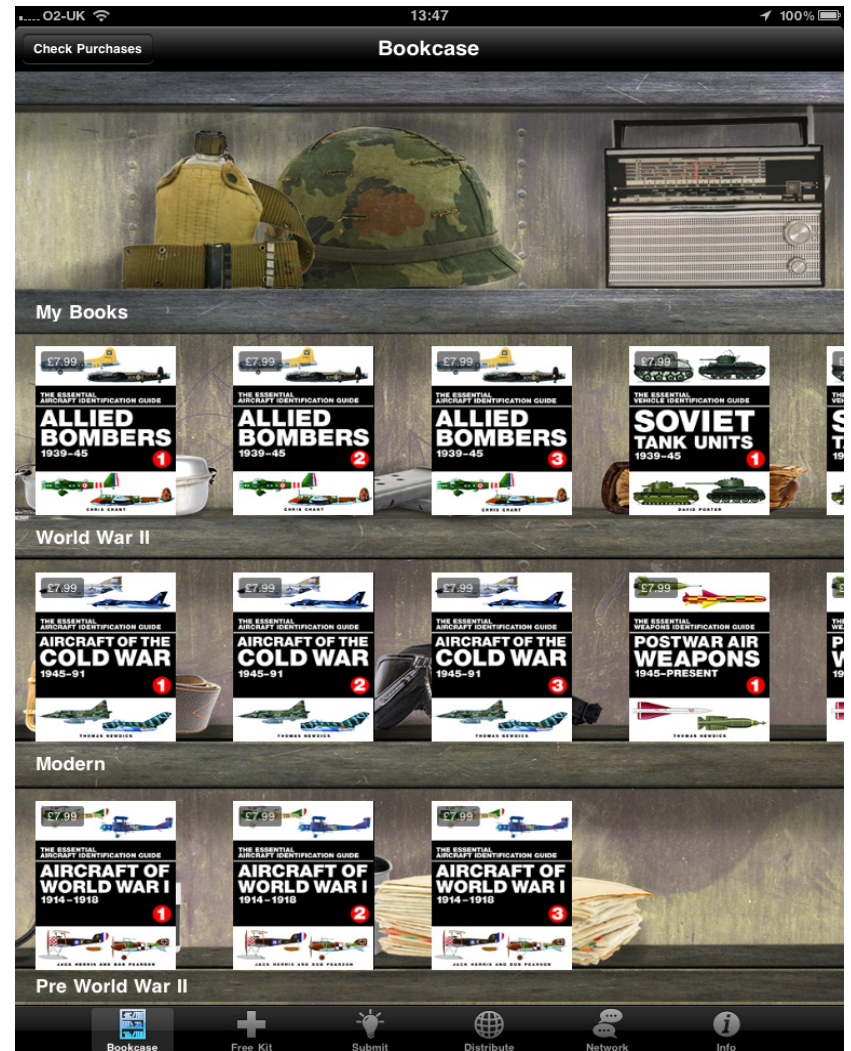

Our Illustrated eBook Software offers Publishers a **simple and economical way** to take control of selling their eBooks in their **own** branded “indie-style” eBookstore. We customize our software to suit genre, readership and company branding.

## Branding the Application

In 6 simple steps

1. Choose your own eBookstore name
2. Upload standard PDF book files into our back office
3. Add pricing and book sales information
4. Add enhancement features, Authors Podcasts, Graphics or Catalogues
5. Edit company information to other Tabs
6. Add your own Facebook page, Twitter and Blogs to integrate social media to market your eBooks
